EXPERIENCE

Frontend Web Developer

BasketHunt Pvt Ltd

📅 06/2022 - 08/2022 📍 Remote

- Completed an internship focused on web development, specifically building landing pages for client websites.
- Gained valuable experience in utilizing HTML, CSS, and JavaScript to create visually appealing and functional landing pages that effectively communicated the client's message.
- Documented the process of exploring and understanding open source collaboration platforms like **Feng Office**, showcasing strong research and documentation skills.
- Utilized **Lazy Loading** for images and other assets, ensuring that only necessary resources were loaded, further enhancing page load times.
- Employed modern frontend techniques, such as **Code Splitting**, to reduce bundle sizes and optimize client-side rendering.

PERSONAL PROJECTS

FoodMart-Grocery Store

📅 05/2023 - 06/2023

- Developed a feature-rich web application using the MERN (MongoDB, Express.js, React, Node.js) stack.
- Implemented various functionalities such as product search, filter, and order processing, enhancing the user experience and increasing customer satisfaction.
- Leveraged modern React Hooks, including **useDispatch()**, **UseNavigate()**, and **UseParams()**, to efficiently manage state and navigation within the application.
- Used **React-Redux**, **Multer-for server side image handling**,**Tailwind-CSS library**, **Stripe** for payment gateway and **Passport.js** for user autentication.

Disney Hotstar UI Clone

📅 01/2023 - 02/2023

- Developed a basic Over-The-Top (OTT) platform using React.js to showcase movie details and provide an interactive user experience.
- Utilized **React.js**, **Redux**, **React Hooks** and **Functional Components** to streamline development, resulting in reduced development time and improved code maintainability.

Device Responsive Hospitality website

📅 06/2022 - 08/2022

- Leveraged HTML, CSS, Bootstrap, and JavaScript to ensure cross-browser compatibility and consistent performance across different devices and browsers.
- Incorporated **JQuery**, **Slick**, and **Owl Carousel** JavaScript libraries to enrich the website's functionality and user experience.
- Utilized **Animate.css**, a popular UI framework, to add smooth and visually appealing animations to various elements on the website.
